

Electrical and Lighting Services

Our Electrical and Lighting services include:

- Inspecting all light fixtures, emergency signs, and emergency lighting.
- Checking exterior lights to make sure cables are not torn; all screws and hardware should be in place and working. Gaskets can be replaced to help provide a watertight seal.
- Ensuring that each light is the same color.
- Re-aiming adjustable lighting if necessary.
- Dusting lamps and cleaning lens surfaces to enhance lighting performance, including photo room.
- Reviewing all interior lighting for proper installation and function.
- Changing batteries in smoke and carbon monoxide detectors, flashlights, and safety test instruments.
- Examining cover plates for cracks and proper tightness.
- Inspecting and cleaning electrical room.
